PLACERVILLE, EL DORADO COUNTY, CALIFORNIA MONDAY, MARCH 31, 1941

NUMBER 61

## DISTRICTING MEASURE IN COMMITTEE

Amendment With Relation To Congress, Assembly For El Dorado County Accepted

By A. G. THURMAN  
Assemblyman, Sixth District  
SACRAMENTO—The reapportionment committee of which your assemblyman is a member began its work of realigning the various congressional and assembly districts to conform to the new census last Friday night. The committee will meet again this Friday night and perhaps again Saturday.

Under the new census, California will be allowed three new congressmen and of course with its heavy increase in population Los Angeles and southern California are expected to get two of the new congressional districts.

The people of the mountain areas are not so concerned as to where the new congressional districts go as we are maintaining our own district, the Second Congressional District, intact. Congressman Harry L. Engelbright now represents 18 mountain counties, extending from the Oregon line to and including Inyo County. The interests of this large area are identical in that mining, stock raising, lumbering are the main industries of the area along with our natural resources.

As the writer pointed out a few weeks ago to include valley counties in with the mountain counties would only tend to create conflicting interests which might prove to be harmful to the district as a whole if it included both mountain and valley counties. Those opposed to this theory oppose it mainly on the basis of population because of the fact that the present 18 counties of the second district total only 208,000 in population whereas the

## 5 Take Test For Postmastership

Civil Service Examination Conducted On Saturday For Appointment At Camino

A federal civil service examination to qualify applicants for appointment as postmaster at Camino was conducted in Placerville on Saturday under the supervision of Duncan J. Bathurst.

Five aspirants took the examination. They are Howard M. Cullers, Mrs. Alta Hull, Alfred L. Hamilton, Ranson Barnes and Ernest M. Carsten, the latter acting postmaster.

The usual routine in such matters is that the three whose grades are highest under the civil service rules and reported to the county central committee, which is expected to endorse one of the three.

Mr. Carsten was recommended by the committee as acting postmaster when a vacancy in the office was declared early this year.

## WOMEN BOWLERS HURL SECOND ROUND IN LEAGUE TONIGHT

The second round in the women's bowling league will be rolled to night at 7:30 o'clock on the alleys at the Pearl Bowl.

Last Friday night, the Forty Niners held the alleys and Hangtown took three from the Beach Box Factory; the American Legion won two of three from the Bank of America; and the Raffles five took three from the Placerville firemen.

Tuesday night, the Pony Express league will be at the foul line.

## Atlantic Commander

Admiral Sir Percy Noble has been named commander-in-chief of the western approaches of Britain. The command has existed for some time, but has now been expanded and raised to a rank equal with that of other naval commands. His chief task will be to keep the Atlantic lanes free of German submarines.

## KEGLERS TAKE TOURNAMENT PART

County Represented In Three Tournaments During Past Weekend

El Dorado County bowlers took part in three tournaments during the weekend, two of them scheduled and the other the result of a chance visit to alleys at Lodi.

Mr. and Mrs. Curtis Coppin were at San Francisco Sunday to compete in the finals of the Call-Bulletin mixed doubles tournament and placed fifth, in the contest which was won by Mr. and Mrs. E. Benetson, of San Francisco.

The El Dorado County team, consisting of Coppin, Emmett, Collins, Bill White, Lowell West and J. Cummings was at Stockton Saturday and Sunday, competing as a team on Saturday and in the singles and doubles on Sunday.

On Sunday, enroute home, the group stopped in Lodi to "see what the alleys look like" and found a tournament under way. Bill White and Lowell West entered the men's singles, and unless the results change before the tournament runs out, White will claim third place and West fourth.

## JUDGE AND MRS. LEWIS FIGURE IN CRASH SATURDAY NIGHT

Justice of the Peace and Mrs. T. F. Lewis, enroute to Placerville from San Francisco, were victims in an auto accident at Sacramento Saturday night.

After stopping in the capital city for dinner and a theater, the two were enroute to Placerville at the intersection of Thirty-First and M streets, when their car was hit by another machine.

The windshield of their car was broken and Mrs. Lewis received cuts about the face which it required twenty-one stitches to close. Mr. Lewis suffered bruises.

"Bud" accompanied Mrs. Lewis to the emergency hospital and had not learned from traffic officers the identity of the driver of the other car Monday morning.

Following emergency treatment, they called friends and Bert Frey and Henry S. Lyon brought them to Placerville.

## Pair In Accident Are Jailed, Face Charges

Royal Shellenbarger, 31, and Byron Young, 29, of Sheep Ranch, Calaveras county, wrecked their car on the road between Diamond Springs and El Dorado about ten o'clock Saturday night.

On a report of injury in the wreck, the Orelli Ambulance was dispatched and Young, with a scalp injury, spent Saturday night at Placerville Sanatorium. Shellenbarger being jailed on charges of reckless driving.

Monday morning, Shellenbarger pleaded guilty before Justice of the Peace T. F. Lewis who set Tuesday morning as the time for passing sentence. Young, charged with public drunkenness, asked a continuance until Tuesday morning to discuss the matter with an attorney.

## "PAY DAY, PAY DAY," CALL FOR CAMP SAN LUIS OBISPO

Approximately \$700,000 Disbursed, Averaging Better Than \$65 Per Man For Entire Camp; "Short Month" Of 28 Days Covered This Time

CAMP SAN LUIS OBISPO (Special)—Soldiers of the 40th Division lined up at company pay tables on Monday, March 31, for their first pay day since induction into federal service. The payroll for the division is approximately \$700,000, averaging better than \$65 per man for officers, non-commissioned officers and men.

The first big army payroll to be distributed at Camp San Luis Obispo will increase each month as recent enrollees graduate from the \$21 per month to \$30 per month basis upon completion of their four month service, and will nearly double the present sum when the division is brought to full strength in June.

The \$700,000 is for payroll alone, and is exclusive of commercial disbursements made locally for subsistence and supplies.

The payroll is for 28 days only, since the soldiers were not inducted into federal service until March 3. The huge payroll represented a tremendous job for finance officers, requiring as it did the setting up of

## Jennie Curran Rites Monday

Former Placerville Lady Died Early Saturday At Hospital In Sacramento

Mrs. Jennie May Curran, widow of Valentine Curran and a county resident more than thirty years, passed away Saturday morning at a hospital in Sacramento.

The funeral services were held Monday afternoon at one o'clock from the Miller & Skelton chapel at Sacramento. Cremation followed at East Lawn.

Mrs. Curran moved from Placerville about three years ago to reside at Oakland with her daughter. About a year ago she settled at North Sacramento when her daughter and family moved to Salt Lake City.

Native of Dutch Flat, Placer County, Mrs. Curran and her family came to Placerville about 1905. Mr. Curran being employed in railroad. He passed away in 1926.

For about eleven years prior to moving to Oakland, Mrs. Curran was employed at the county hospital. She was a member of Marguerite Parlor No. 12, N. D. G. W.

Mrs. Curran is survived by one daughter, Mrs. Verna Capelli, of Salt Lake City, seven grandchildren and two great grandchildren in addition to one brother, Charles Barber, of Newcastle.

## SAN FRANCISCO ENTRY WINS SPEAKING CONTEST

Semi-final honors in the Native Sons' speaking contest, held Friday evening at San Francisco, were won by a San Francisco entry who will represent the northern part of the state in the finals of the contest at the Sixty-Fourth Grand Parlor of the order in May at Lake Tahoe.

This is according to Ellsworth Willard, a member of the Grand Parlor committee on the contest. Miss Eleanor Swift, entry of Placerville Parlor No. 9, N. S. G. W., participated in the contest, having won the El Dorado County nominations, conducted earlier in the year.

## RALES HELD ON FRIDAY FOR PIONEER IN COUNTY

Funeral services were held Friday afternoon at Plymouth for Mrs. Elva Brown, 89, who died Wednesday in a Stockton hospital. Cremation was at East Lawn in Sacramento.

Mrs. Brown was a native of New York and came to California when 21 to join her parents, who had settled in El Dorado County. She taught school in both El Dorado and Amador Counties and was married to George Brown in 1887.

She is survived by a daughter, Mrs. Phyllis Crain of Plymouth, with whom she had been making her home; a son, Robert Brown, of Indian Diggings, and a sister, Lucetta Willis of Byron. Twelve grandchildren and seven great grandchildren also survive.

company payrolls for all units of the division, as well as separate pay vouchers for the officers. Lieut. Col. Charles M. Reading, Division Finance Officer, and Major Henry L. Kersh, Camp Finance Officer, merged their offices for the job, and worked together with the assistance of three officers, 20 enlisted men and three civilian clerks.

"It was a big job but the payroll is ready," Lieut. Col. Reading announced Monday morning. He commended Major Kersh and his staff for their assistance in making it possible to complete the task on time.

Lieut. Col. Reading estimates that about \$400,000 of the \$700,000 payroll is to be spent in the vicinity of the camp, and that the balance will be sent to various home communities in California and Utah from which the 40th Division was drawn.

The statistical data, however, was not what interested troops. They were looking forward to seeing the card cash on the pay tables for their first regular army pay day.

## Baseball Heads Meet Wednesday

Jackson Declines Bid To Join League; No. 30 May Be Eighth Club

According to Scoop Thurman, secretary of the Placer-Nevada Baseball League it now appears that the North Sacramento Merchants may be the new team in the circuit this year replacing the Grass Valley Braves. Unable to organize a ball club in time for the season's opening, Jackson has declined the invitation extended for this season but may apply for membership next year.

The matter of the application of the North Sacramento team will come up for consideration this Wednesday night, April 2nd when the league officers and directors will hold their annual meeting prior to the season's opening, in Roseville.

In addition to securing a club to replace Grass Valley, other matters to be considered Wednesday night will be the filing of player rosters and cash bonds by the various teams in the circuit.

League president Vincent Stanich will preside over the meeting which will be open to all players and fans.

## FIVE GUARDSMEN, HOME FOR WEEKEND, REPORT CAMP LIFE IS "SWELL"

Life in the Army camp at Camp San Luis Obispo is "swell."

This summarizes the report of five members of Company D, 115th Engineers, who paid a short visit to Placerville during the weekend.

In the group were Bob Sheldon, Bill Sayers, Drew Rossi, Don MacLinn and Gayle M. Casebeer.

The boys made the trip from San Luis Obispo to San Francisco by streamliner, thence to Sacramento where friends met them.

Returning, they left about one o'clock Sunday noon in Casebeer's car.

## RALPH N. HIRST WEDS AT RIVERSIDE ON SUNDAY

At Riverside, on Sunday afternoon, in a service at the Calvary Presbyterian Church, Raheia Crosbie, of Riverside, and Ralph Nelson Hirst, of Sacramento, were wed.

Following a honeymoon in the southern part of the state the couple expect to make their home at Sacramento, where Mr. Hirst is employed with the telephone company.

The new Mrs. Hirst is a daughter of Mr. and Mrs. R. J. Crosbie, of Riverside, and attended junior college there. Mr. Hirst is a son of Mr. and Mrs. O. N. Hirst, now of Sacramento and for many years resident in Placerville.

Mr. and Mrs. D. J. Thomsen were up from San Francisco to spend the weekend with the home folks.

R. O. Akers has brought suit in Superior Court against C. G. Harris and O. R. Thomas claiming \$250, with interest at 7 per cent, as due on a promissory note issued in April of 1937.

## Water Board Sues Power Company

District Asks Injunction To Restrain P. G. & E. Co. From Ceasing Water Service

Judge George H. Thompson at 2:30 o'clock Monday afternoon issued a temporary restraining order in the suit against the power company and scheduled a hearing on the matter for Thursday, April 10, in Superior court.

El Dorado Irrigation District early Monday afternoon brought an action in the Superior Court seeking a temporary restraining order and a permanent injunction forbidding the P. G. & E. Company from interrupting regular and continuous delivery of water to the irrigation district.

In bringing the action, Thomas Maul, attorney for the water district, charged that the power concern had shut off the flow of water from its forebay reservoir to Placerville about seven o'clock Monday morning and said he understood that the company proposed to leave the water shut off for three weeks.

Mr. Maul said that he understands that the shut-down is in connection with the power company's plans for improvements on the ditch somewhere between the forebay and the intake at the 31-mile-stone.

However, he declared, it is not necessary that the company halt its delivery to the irrigation district, since the forebay is, or was Monday morning, full; and further, he declared, repairs could be made to the ditch by by-passing.

He charged that the power company had admitted that the shut-down is not necessary, because the company had made an offer to supply water continuously providing the district would recognize that it has no right to a continuous flow, and providing that the district would pay, during the period of emergency, a rate reported as about five times in excess of the regular rate.

Roy G. Strum, district manager for the Pacific Gas & Electric Company, was not immediately available for comment on the matter.

Walter Jenkinson, secretary-manager of El Dorado Irrigation District, said Monday that the district has ample water in the Blakeley reservoir to care for Placerville's normal needs during a three-week shut-down.

"In the event of a bad fire, that would depend," he said.

"Shutting off the water at the forebay will affect the householders dependent upon the ditch above the Blakeley reservoir, it will affect the Snowline CCC camp and Camino and the Michigan-California Lumber Company."

"Perhaps the lumber company could make some arrangements that would get them by for a day or so, using a small supply of water stored in the reservoir at the Caldwell place."

It was pointed out that the district serves, above the Blakeley reservoir, a total of about two hundred households. There are approximately 200 men at Snowline camp.

The lumber company at Camino, it was said, employs about 165 men at the plant, who would be without work in the event the plant is forced to shut down.

## IDAHO TAKES TEAM PRIZE IN INTERCOLLEGIATE BOXING FINALS

STATE COLLEGE, PA. — (UP)—The University of Idaho held the Mythical National Collegiate Boxing Championship for the second year today after winning the seventh annual national Collegiate athletic association tournament here Saturday night.

The Kara brothers — Ted and Frank — figured largely in the Idaho victory.

Laune Erickson, of Idaho, also won, outpointing Elden Sanders, of North Carolina, in the 165-pound division.

Other champions crowned included Elton Toblason, California Aggies, who defeated Robert Baird, Penn. State, 145 pounds.

Mrs. Irma Lawyer and Miss Annie Fredericks, who is her house guest, were in town from Lotus Monday.

G. R. Heinbuckel, arrested Saturday night by Officers Patchen and Flick, of the highway patrol, near Silver Fork, was fined \$200 before Justice of the Peace T. F. Lewis on Monday when found guilty of drunken driving.

## ITALIANS ADMIT 5 BOATS LOST IN BIGGEST NAVAL CLASH SINCE JUTLAND

British Claim Serious Damage To Battleship And List Two Other Destroyers As "Probably Sunk" In Major Battle In Ionian Sea Friday

By HARRISON SALISBURY  
United Press Staff Correspondent

Great Britain has smashed Italy's naval power in the biggest sea battle since Jutland, it became evident today, and a quick Balkan move by Germany to recoup Axis prestige seemed likely.

Action of the United States in seizing 30 Axis and 35 Danish ships was hailed in Britain, while Berlin Nazi sources said that the act might have "historic importance."

Full scope of the British naval success against Italy on Friday became apparent only today when fuller accounts were given by the admiralty, and the Italian high command confirmed a major portion of the losses claimed by London.

British sources gave this recapitulation of Italy's sea losses: Three 10,000-ton 8-inch gun cruisers, the Fiume, Pola and Zara sunk; two destroyers, the 1,789-ton Vincenzo Gioberti and the 1,449-ton Maestrale sunk; a 35,000-ton Littorio class battleship seriously damaged by torpedoes; the 5,069-ton 6-inch gun cruiser, Giovanni Delle Bande possibly sunk, another destroyer, possibly the Vittorio Alfieri, a sister ship of the Gioberti, probably sunk.

The British said they suffered not a scratch to their ships or men except for probable loss of two airplanes.

The Rome communique admitted loss of three cruisers and two destroyers and said it was believed that a heavy British cruiser was sunk and possibly two other cruisers damaged.

In a second Mediterranean action the British and French had a brush over a French convoy which a light British naval force tried to intercept between Nemours and Oran on the Algerian coast. The British warships drew off when French shore batteries fired on them and the Vichy government today dispatched a scarp protest to London.

The British charged that one of the French ships had a cargo of rubber which it was feared was destined for Germany.

The Franco-British brush was not in itself important but in the light of the shattering blow to the Italian fleet it was assumed that German pressure to obtain the use of France's fleet to restore the balance of sea power in the Mediterranean was likely to be increased sharply.

The prospect that Germany would act quickly in the Balkans in an attempt to repair the damage to Axis prestige suffered from the Yugoslav coup d'etat and the British naval victory was increasing.

The Germans reported that Bulgaria had ordered general mobilization, a move which presumably would fit in with any Nazi plans for a military attack on Yugoslavia. Bulgaria denied this report although admitting that men were being called to the colors.

**"SILLY SEASON" ARRIVES IN HEAVYWEIGHT FIGHT GAME**  
NEW YORK, (UP)—The silly season is here again, with Max Baer rejecting Louis for Conn, and Lou Nova announcing discovery of a "cosmic punch" that will stiffen Baer quickly in their 12 round brawl next Friday.

It was suggested that both be examined by alienists instead of the usual chest-thumpers at today's commission check-up.

Baer and his manager, Ancil Hoffman, actually turned down a September title fight with Joe Louis and demanded instead a May bout with Billy Conn.

**SECOND BRIDGES HEARING OPENED TODAY AT SAN FRANCISCO**  
SAN FRANCISCO (UP)—Harry Bridges, Australian-born California CIO director and waterfront labor leader, today went to trial for the second time, facing possible deportation as an undesirable alien.

Bridges is charged with affiliation with an organization seeking overthrow of the government by force and violence — presumably the Communist party, although that has not been specified.

**KELSEY FAMILY FIGURES IN ACCIDENT NEAR NASHVILLE**  
James Kennett, of Kelsey, was treated at Placerville Sanatorium Monday morning for a broken shoulder blade and a dislocation of the hip bone on the spine following an auto accident on the Mother Lode highway six-tenths of a mile north of Nashville about eight o'clock.

With Kennett in the car were his wife and two children who escaped severe injury when their machine left the highway and crashed into a tree.

Monday afternoon Kennett remained a patient at the hospital as did his small son, who suffered a bad laceration on his nose.

Mr. and Mrs. William A. Harvey, of Placerville are the parents of a son, born Saturday at a hospital in Sacramento.

Mrs. Elizabeth Martin is spending this week at Stockton visiting Mr. and Mrs. Joe Farley.

## Legal

**NOTICE OF EXECUTOR'S SALE OF REAL PROPERTY**  
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF EL DORADO.

In the Matter of the Estate of FRANCES A. FAIRCHILD, Deceased.

No. 2373

NOTICE IS HEREBY GIVEN: That Leon H. Fairchild, Executor of the Estate of Frances A. Fairchild, deceased, will sell at private sale, in one parcel, to the highest bidder upon the terms and conditions hereinafter set forth and subject to the confirmation by the above entitled Superior Court of the State of California, on or after the 7th day of April, 1941, all the right, title, interest and estate in and to said real property of the said Frances A. Fairchild, deceased, at the time of her death, said deceased being the sole owner of said property at the time of her said death. The said real property being situated in the county of El Dorado County, State of California, and more particularly described as follows to-wit:

The SW<sup>1</sup>/<sub>4</sub> of the SE<sup>1</sup>/<sub>4</sub> of Sec. 22, Twp. 10 N. R. 14 E. and the W<sup>1</sup>/<sub>2</sub> of the NE<sup>1</sup>/<sub>4</sub> of the SE<sup>1</sup>/<sub>4</sub> of the NE<sup>1</sup>/<sub>4</sub> of Sec. 27, Twp. 10 N. R. 14 E. M. D. B. & M. containing approximately 160 acres, in El Dorado County, California.

The terms and conditions of sale: Cash, lawful money of the United States; 10 per cent of the purchase money to be paid at the time of the sale; balance on confirmation of sale. Deeds and abstract at the expense of the purchaser. The purchaser to assume the payment of, and take the property purchased by him subject to all the State and County taxes, and all assessments of whatever name or nature which are now or may become hereafter chargeable to or a lien against the property purchased by him.

In the event the purchaser wishes to purchase only the timber on said real property and not purchase the fee to said property he may so specify in his bid and such a bid will be considered on the same terms and conditions as are hereinafter stated.

All bids or offers must be in writing and may be left at the offices of Thomas Maul and Richard Barry, attorneys for said Executor, at 347 Main Street, Placerville, California, or may be filed in the office of the Clerk of this Court, at any time after the first publication of this

## CONTROL OF TUBERCULOSIS IS NATIONAL DEFENSE NEED, EXPERT CONTENTS

### Health Workers to Discuss Disease at State Conference

The part to be played by health agencies in national defense preparations will be stressed by Dr. Kendall Emerson, eastern visitor, in discussing unconquered frontiers in tuberculosis work, at the annual meeting of the California Tuberculosis Association, to be held at Del Monte, April 3, 4 and 5.

Kendall Emerson, M.D.

Dr. Emerson, who is managing director of the National Tuberculosis Association, recently stated:

"Our first duty in total defense is to learn the quality of our manpower; our second, to set about improving it as a major requisite for national defense protection."

Representatives of the army and of official health agencies will follow Dr. Emerson

notice and before the making of the sale. Dated this 21st day of March, 1941.

LEON H. FAIRCHILD, Executor of the Estate of Frances A. Fairchild, Deceased.

Thomas Maul, Richard Barry, Attorneys for said Executor. Placerville Republican, Mar. 24-10, April 4

Fred Ellenwood, Red Bluff, was re-elected president of the California Livestock Production Credit Association.

at the final session of the conference in outlining the tuberculosis control measures which should be instituted in military mobilizations and in industrial areas.

Other eastern visitors who will address this statewide gathering of medical and public health workers include Dr. Brian Blades, surgeon of Barnes Hospital, St. Louis, and Dr. Arthur J. Vorwald, pathologist of Saranac Lake, New York. Dr. Blades will discuss with the tuberculosis specialists gathered at the meeting a related disease of the chest, bronchiectasis, while Dr. Vorwald will discuss silicosis, a disease often associated with tuberculosis and of particular concern in the mining regions of California.

Some tuberculosis problems of particular importance in California, as well as latest developments in techniques for finding unrecognized cases of tuberculosis, will be discussed by those concerned with the public health administrative aspects of tuberculosis control.

The meeting is expected to bring together several hundred physicians, health officers, public health nurses, health educators and others from all parts of California.

### Belgrade Says Jugo Slavs Line Albania Frontier

ROME, (UP)—The official Stefani news agency reported from Belgrade that Jugoslavia has concentrated the bulk of her troops on the Albanian, Greek and Hungarian frontiers.

Cities of 25,000 and more showed a total population increase of only five per cent during the last decade, considerably below the seven per cent increase for the country as a whole.

## New Infantry Chief

U. S. Army Signal Corps

Gen. Courtney H. Hodges (above), commandant of the infantry school at Fort Benning, Ga., will become the U. S. Army's new chief of infantry when the four-year term of Major Gen. George A. Lynch expires this May, according to official Washington sources.

## THE NATURAL HISTORY OF A WOMAN • KITTY FOYLE • THE WHITE COLLAR GIRL

## The Most Talked-About Woman in America!

**EVERYBODY** is talking about Kitty Foyle, heroine of the most daring novel ever written by a man about a woman. The book is a conversation piece of a girl talking to herself—a vivid girl with a gift for salty expression and an extraordinary capacity for experience. KITTY FOYLE is the intimate confession of a woman to her mirror—one of those women who were children in the 1920's and girls in the 1930's, and who have known a special kind of joy and trouble.

It is incredible that such a confession should find its way into print. But when the incredible happens, it is no surprise that Christopher Morley has a hand in it. With what understanding this man has invaded a woman's world is indicated by the letters received by the publishers. Writes a prominent woman: "It is a joy to say, without qualification or reservations,

that I have thoroughly enjoyed the book... but damn a man who knows so much about women!"

The nation's leading critics are with the general public. Says *The New York Times*: "Something on almost every page clamors for quotation." *Pittsburgh Sun-Telegraph*: "A woman will love it... because she will go hand in hand with Kitty. A man will enjoy it because he will discover a number of things about feminine psychology he probably only dimly suspected."

The upshot of all this talk is simply: If you want to undergo one of the most delightful, yet poignant reading experiences of our time, read KITTY FOYLE, *The Natural History of a Woman*, in this newspaper.

Christopher Morley's Amazing Best-Seller—

# KITTY FOYLE

White Collar Girl—Romantic Sharecropper  
In The Dustbowl of American Business:

Says Kitty:

"I wonder why man's dangerous age comes about thirty years later than woman's..."

"Dancing is wonderful training for girls. It's the first way you learn to guess what a man is going to do before he does it."

"My old man was smart. He knew when to treat a kid of fourteen like a woman and when to treat her like a baby. That's not so easy."

"The union label of the White Collar Girl is the alarm clock."

"When things happen to other people it's always a while ago. When they happen to me they're happening NOW."

"Lots of times you have to pretend to join a parade in which you're not really interested, in order to get where you're going!"

## Apportionment In Committee

(Continued from Page One)

new figure of population per district, totals in the neighborhood of 300,000.

A new reapportionment bill, A. B. 2575, which has been introduced by Assemblyman Frederick F. Houser of Los Angeles, chairman of the committee, will undoubtedly be the bill which will be finally passed as to reapportionment. In this bill Assemblyman Houser took Butte, Sutter and Yuba counties from the first district and placed them in the second district and took Tehama from the second district and placed that county in the first district. Mono and Inyo were also taken from the second district.

Through a series of amendments which were adopted by the committee last Friday, your assemblyman, with the help of Assemblyman Don Field of Los Angeles, placed all of the counties taken from districts one and two back where they were originally so that in this particular reapportionment bill, the status of congressional districts one and two (Lea and Englebright) remain as they are today. We feel that we have been quite fortunate in having these amendments adopted and hope that we may be successful in eventually keeping our congressional district intact as it has been for some thirty years.

In the new reapportionment bill which I have above referred to, the Sixth Assembly district remains the same as it is at present. In chairman Houser's previous bill, Nevada county was placed in district two. In the new bill, Nevada county is back in the Sixth District along with the other Mother Lode and mountain counties.

Of particular interest to El Dorado county, is Senate Bill 408 by Senator Dillinger which increases the salary of the county auditor to \$1800 a year and the salaries of the members of the board of supervisors to \$1500 which salaries are comparable to the salaries paid in other counties of this district. This bill passed the Senate and is now before the lower house for consideration.

In closing this week's column, we again invite the citizens and especially the school children and students to visit the legislature while it is in session. The Assembly is in session each afternoon beginning at 2 o'clock.

## THE SPIRIT OF

76

by JOHN CLINTON

Skeptics miss an awful lot of good in this world, just because they never trust anybody.

Of such stuff is one of my friends made. He went to college, and he knows everything. Well, in line with my well-known policy of recommending New 76 Gasoline as first-aid to people who hate traffic-driving, I recommended same to this chap!

"Aw nuts, this a lot of M. J. J.," he says. "All gas is alike!" I tried to get him to buy a tank full, but he wouldn't do it! And he hasn't, yet! So this is no stand and "Success Story!" But it does have a moral.

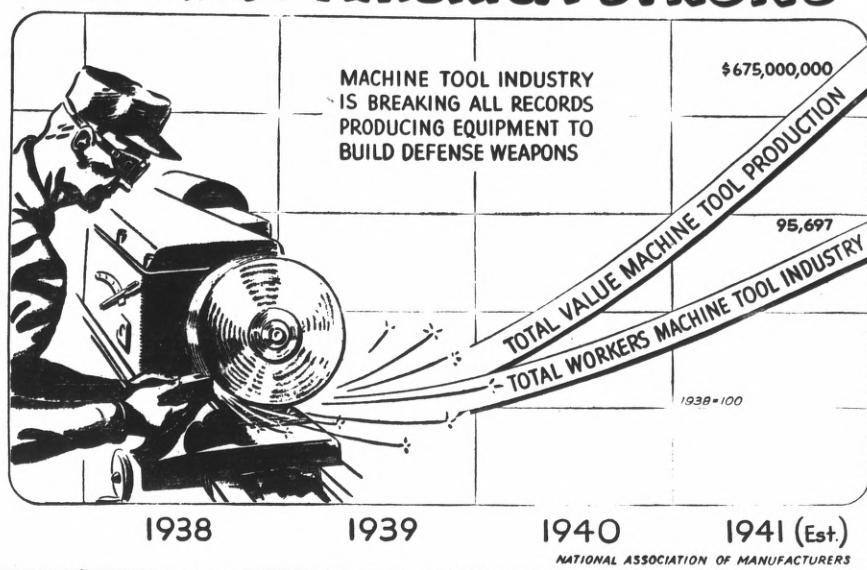

If you've never tried New 76 and if you hate to drive in traffic, and if you're not a professional skeptic, then I've a proposition to make. Wait till your tank is almost empty, then have it filled with New 76, and try it, yourself, in your "favorite" traffic.

I believe if you do, you'll thank me for suggesting it. Because New 76 is especially refined for traffic driving. Observe how it whips you away from signals, how it helps prevent stalling right under the nose of the cop on the main corner, and how beautifully it performs at low speeds, as well as high.

And we'll go over to my skeptical friend's house and go "yah, yah, yah," under his window.

UNION OIL COMPANY

## MAKING AMERICA STRONG

This is one of a series of articles designed to inform the public of the progress being made by American industry in providing the weapons for national defense. The facts presented have been gathered in surveys of leading defense industries and from other authoritative sources.

In a single airplane engine there are often 900 different parts—and counting duplicate parts, a total of more than 8,000 separate pieces of metal. Yet with the exception of the rocker arms, every square inch of every one of those pieces must be machined—that is, shaped to size on a machine by metal-cutting devices that are called machine tools.

Remembering that defense orders have already been let for more than 130,000 engines, and more are to come, you begin to get some idea of the reason for today's tremendous machine tool demand.

Airplane engines, however, are but a single item on the defense program. On order are 50,000 planes (most plane builders do not make their own engines), 300,000 machine guns, 13,000 trench mortars, 17,000 heavy guns, 1,700,000 rifles, and an endless list of other armament and munitions equipment—all consisting of metal parts made on machine tools.

Fortunately the industry had a "warm-up" for its stupendous job. Ordinarily, machine tools are used to make vacuum cleaners, refrigerators, radios, telephones, plumbing supplies and other peace-time products. But for several years before national defense suddenly became the American problem, the industry shipped machine tools to England and France to help solve some of the problems there.

The industry, therefore, knew in a general way what would be needed for defense production and without waiting for plans, schedules, orders, or government funds, set out to fulfill this need. It takes from four months to two years to build a machine tool and most types have to be made to order. They cannot be turned out in duplicate by the thousands like radios and automobiles and kept ready for sale as needed.

The expansion of the industry in "the warming up" for, and then tackling, its home defense job, is told in these remarkable figures: Machine tool production which in the four years of 1931-34 averaged only \$30,000,000 was pushed up in 1939 to \$200,000,000. Even the 1929 peak year did not go that high.

Then in 1940, that production was more than doubled—to \$450,000,000. This year it will be increased to between \$650,000,000 and \$750,000,000. Practically all of it is for the defense program of the United States—and for Britain. This amazing expansion is being accomplished by: (1) building new plants; (2) installing new equipment in old plants; (3) letting manufacturers not otherwise engaged in the defense program to make parts, important units and even whole machines; (4) training and employing new men so equipment can be used night and day, on two and three shifts; and (5) working overtime.

### SEARS POINT TRACT IS WANTED FOR HOMES AT VALLEJO

SAN FRANCISCO. (UP)—Federal condemnation proceedings were on file Friday against 127 acres of land on the Sears Point road near Vallejo facing Napa Bay.

The government, which wants the property for defense housing units for Mare Island naval yard employees, deposited \$58,000 to reimburse the owners.

The Navy also moved in federal court to acquire 70 acres of San Francisco Bay airfield for a housing project for workers at the new Alameda naval air base. The navy set the price at \$105,000. The land is owned by the University of California.

### "AGGIES" PLACE ONE MAN IN NATIONAL BOXING FINALS

STATE COLLEGE, Pa. (UP)—Southwestern Louisiana Institute led the way into the semi-final and final rounds of the seventh annual national collegiate athletic association boxing tournament today, placing five of its eight-man team in preliminary rounds yesterday.

The California Aggies, Loch Haven Teachers, Superior Teachers, Virginia and West Virginia each placed one man.

AVIARY ATTRACTS 200,000

SALT LAKE CITY. (UP)—More than 200,000 persons visited the Tracy aviary in Liberty Park in 1939 at a cost of approximately 1½ cents each. The aviary was established in 1937 by donation of Russell L. Tracy and since that time has grown steadily.

### COLOMA NOTES

Mrs. Othello Weston, our artist is spending the next few weeks at her old home in Columbia, Amador county.

Mr. and Mrs. Charles T. Williams of Niles have moved to Coloma and will live in the old Thomas Williams house. Mrs. M. Reedy, the latter's mother, is a member of the family.

Mrs. T. Parker and children, who have lived here about one year and a half, will leave for Burbank, near Los Angeles the latter part of this week where they will join Mr. Parker who is now employed at the Lockheed airport plane factory.

Mr. and Mrs. Philip Allen of Plymouth were calling on friends here Sunday.

Lila Bell Rosenberger who was taken suddenly ill last Thursday morning is doing nicely under the care of Dr. McKinnon.

Mrs. S. Cummings and son Jack made a pleasure and business trip to Sacramento Saturday of last week.

Judd Wilson of Sacramento who mined here several years ago called on Coloma friends Sunday.

Mrs. Helen Schultz and son Harry of Albany spent the weekend at the Schultz summer home here.

Mrs. D. Metcalf tendered a farewell party to Mrs. T. Parker Wednesday at the Metcalf home here. Delicious refreshments were served and the guest of honor received many dainty gifts as tokens of remembrance.

There were 129 visitors at Marshall Park over the weekend. The attendance for the month of March was 1232 visitors. The visitors this weekend registered from many states including Utah, Kansas, Iowa, Kentucky, and from Tokyo, Japan. The old road leading from the monument to Marshall's cabin is now a one-way road, being used as an exit only. Visitors entering the park will now use the new road only, which they will observe is well posted.

## STANDLEE AND THOMPSON RESUME STUDIES AT STANFORD

STANFORD UNIVERSITY. (UP)—Norman (Big Chief) Standlee, full-back, and Jake Thompson, center, on the Stanford football team, were once more enrolled in the University today after an unsuccessful attempt to join the Royal Canadian Air Force and the Canadian army. The pair hitch-hiked to Vancouver, B. C. during the spring holidays without taking their semester's examinations. They said they were "fed up" with school.

## BERLIN REPORTS BOMBING MALTA AND TWO RADIO PLANTS IN SCOTLAND

BERLIN (UP)—German bombers, in widespread operations, struck at England despite unfavorable weather, pounded two air fields on the island of Malta, and attacked a large merchantman leaving it listing heavily, the high command today declared.

Armed reconnaissance planes made successful attacks on military radio stations in north Scotland and the Shetland Islands, the high command said.

## ANTHONY EDEN AGAIN IN ATHENS TO CONFER WITH GREEKS

ATHENS — (UP) — British Foreign Secretary Anthony Eden and Gen. Sir John G. Dill, chief of the British imperial general staff, arrived today for conferences with the Greek government.

The purpose of the conversations was described officially as "the prevention of extension of the war to the Balkans."

## Invasion Coast Bombed By British Fliers

LONDON — (UP) — A powerful force of British bombers last night blasted the docks at Brest, France, where the German battleships Scharnhorst and Gneissau are tied up, the air ministry said today.

Although no direct hits on the battleships were observed, the dock area was strewn with bombs, including "very heavy" ones, and fires were burning fiercely when the last British planes left, the ministry reported.

The famous 390-acre Sonoma Valley vineyard near Agua Caliente, was purchased recently by Henry Parducci and Peter Domenici, of San Francisco for \$33,600.

Some 3,200,000 jobs in private industry were filled in 1940 by state offices throughout the nation.

The annual Placer county 4-H club picnic will be held at Mt. Pleasant on May 3.

The Manchester district, Mendocino county, is the only section of the state where voluntary testing for Bangs disease has been carried on extensively.

The Sierra Photo Studio expects to move about April 11th to the westerly store room in the Van Der Auwera building.

## Italians Claim British Hard Hit In Africa

ROME, (UP)—Italy's Eritrean army engaged in "an epic battle" with the British Imperial Forces east of Ke-

ren, "inflicting very grave losses to the enemy," a communique said today.

The Spreckles sugar plant at Woodland has contracted for 41,000 acres of beets this season.

**EDITOR'S NOTE.** This graphic analysis of "Fifth Column" techniques is published in cooperation with the National Department of Americanism of the Veterans of Foreign Wars of the U. S. The text and illustrations are taken from the book "Footprints of the Trojan Horse" published by Citizenship Educational Service, 122 East 42nd Street, New York City, a non-profit association of patriotic organizations dedicated to the preservation of Americanism.

### A New Weapon of World-Wide Conquest

Two great oceans as protection and friendly nations as neighbors can no longer guarantee our safety. Even if enemy airplanes, ships and troops cannot readily attack our shores, we are still in danger. For a new sinister force is at work.

### Conquest by Propaganda

Today a new strategy is being used to gnaw at the vitals of a nation until only a hollow shell remains to be crushed by force of arms. Modern conquest has adopted the "Trojan Horse" of propaganda as a weapon to—

Divide and Conquer from Within

### Communists and the Trojan Horse

The Communists "bore from within," planting agents in key positions to spread their poisonous propaganda. First they try to undermine the home—attack the love of country—break down religious faith. After thus demoralizing their victims, they high pressure him into believing that Communism is the solution of all problems.

### Nazis and the Trojan Horse

The Nazis used various types of propaganda to pave the way for political and economic conquest. Unable to establish a bond of confidence with their neighbors, they turned to winning followers by setting up a bond of hate.

## Around The House

WITH ANN COMFORT

To remove chewing gum from satin slippers, use gasoline, benzene, chloroform or ether. Never use the first two near a fire of any kind, and all the cleaners mentioned should be used where there is plenty of fresh air.

**ATTENTION! FLOWER LOVERS!** The date of the California Spring Garden Show has been set for April 30th to May 4th inclusive. The theme this year will be a replica of Rainbow Falls in Rainbow Forest which is located at the head of the middle branch of the San Joaquin river near Mono Lake. The waterfall will be the largest indoor fall ever attempted. Giant redwoods and alders will give the forest atmosphere.

A bewildering list of exhibits fills the flower fancier with anticipation. There will be orchids in a Hawaiian setting, an array of Pelargoniums, Rhododendrons, Tuberous begonias, Anthurium, Gerbera daisies, Mammoth delphinium. A special feature this year is the landscaping of the outdoor section where there will be a Temple of Flora surrounded by a display of California wild flowers. Among these wildflowers there will be 15 varieties of Mariposa lilies. A Mexican front yard will feature an interesting cactus exhibit. The herb specialists will revel in the herb garden.

The story of the Spring garden show is not generally known. Twelve years ago a group of men whose hobby was gardening planned an exhibit. It was attended by 16,000 people and went off so well that it was decided to make it an annual event. This venture developed to the extent that today the garden show has the most outstanding display in the United States. Last year over 100,000 people attended.

If you are heading the "BUY SOMETHING BRITISH" slogan, remember these commodities when you do your shopping. Liberty scarfs, Bond street foulard and poplin neckties, Liberty House silks, Tana lawns, D&J Anderson gingham, Viyella flannels, British tweeds.

The Yardley's Old English Lavender company reports that it harvested the largest lavender crop in its history this year.

## For Town Or Country

By VERA WINSTON

HERE'S a versatile little suit that may be dressed up or toned down, depending upon accessories. Fashioned of navy blue men's wear flannel, it has self binding at the high-placed collar and lapels and down the front. It closes in single-breasted style with six covered buttons. It features flap pockets at hips. The skirt is fairly straight with one inverted pleat center front. With it is worn a navy and white striped blouse and a bright red tie. The jersey turban is knotted in front and ties in fringed ends in back.

Whether or not it would be stretching a point to call cabbage a

delicacy is hard to say but an old-time Easter dish which is still a favorite is

### Stuffed Cabbage

Remove tough outside leaves from spring cabbage and soak in salted cold water. Open leaves carefully, place stuffing in center and in between them tie with a string around sides and over top. Boil in a kettle in which 1/2 pound of salt pork has been simmering for a 1/2 hour. Do not remove pork but cook cabbage in same water.

For stuffing use 1/2 lb. sausage, 4 tablespoons bread crumbs, 2 eggs, herb seasoning, chopped parsley, salt and pepper, cream or canned milk to moisten.

Another old time Easter delicacy is

### Spinach Torte

Line oblong baking dish with crust. To make crust use 2 cups flour 2 tbs. olive oil one egg white, warm water to moisten. Knead and roll thin—this should be enough for

3 crusts. For filling. Put through food chopper 2 cups of boiled spinach. Place 4 tablespoons olive oil in a skillet and brown in it 1/4 of one medium sized onion which has been minced. Stir this into spinach, add 5 eggs, 4 tablespoons bread crumbs, 2 tablespoons grated cheese, salt, pepper, few marjoram leaves minced. Spread this mixture on lower crust and over this spread a layer of cottage cheese. Over cheese break 5 or six eggs, keeping yolks intact. Season with salt and pepper. Place crust carefully over eggs, brush oil over crust and place last crust over same. This too should be brushed with oil. Bake in medium oven. The torte can be eaten hot or cold.

Mrs. Huenergardt chairman of safety for the California Federation of Women's Clubs believes that the entire membership of the Federation should take part in the National Defense program. At a recent conference a questionnaire was formulated which will be sent to all federated club women in the state through their district and county safety divisions. In these questionnaires club women will list the activities in which they can best participate.

Classes in defense activities are now in preparation. These will include first aid, traffic control, map reading, radio work and ambulance driving.

Note too that Congresswoman Edith Rogers of Mass., is preparing

a bill to introduce to Congress which will make it possible for American women to enlist for war services. To the women will fall the jobs of doing kitchen police, laundry, canteen work, commissary, hospital and clerical work. A new field may be opened to women—work in arsenals.

To end on a frivolous note—the Fashion Academy in New York lists among the best dressed women of America, Rosalind Russell from the Movies, Sonya Henie from the sports world, Alice Frost from Radio, Gertrude Lawrence from the stage and Mrs. Henry Wallace, wife of the vice-president from public life.
